

REMARKS/ARGUMENTS

The above amendments respond to the *Ex parte Quayle* action mailed on October 7, 2008 objecting to the drawings in the above-referenced matter. At page 2 of the action, the Examiner noted:

The drawings are objected to as failing to comply with 37 CFR 1.84(p)(4) because reference character "Table 1" has been used to designate both the table of 1999 IEEE 802.11 wireless standards and pre-selected repeater channels.

In the current response, the specification has been amended to refer to the table of 1999 IEEE 802.11 wireless standards as **Table A** rather than **Table 1**. Applicant believes this amendment removes the above-noted ambiguity and renders the objection to the drawings moot. Withdrawal of the objection is respectfully requested.

CONCLUSION

It is believed that all of the pending claims have been addressed in this paper. However, failure to address a specific rejection, issue, or comment, does not signify agreement with or concession of that rejection, issue or comment. In addition, because the arguments made above are not intended to be exhaustive, there may be reasons for patentability of any or all pending claims (or other claims) that have not been expressed. Finally, nothing in this paper should be construed as an intent to concede any issue with regard to any claim, except as specifically stated in this paper, and the amendment of any claim does not necessarily signify concession of unpatentability of the claim prior to its amendment.

In light of the amendments contained herein, Applicants submit that the application is in condition for allowance, for which early action is requested. Should any issues remain unresolved, the Examiner is encouraged to telephone the undersigned at the number provided below.

Please charge any fees or overpayments that may be due with this response to Deposit Account No. 17-0026. If a fee is required for an extension of time under 37 CFR 1.136 not accounted for above, such an extension is requested and the fee should also be charged to our Deposit Account.

Dated Dec 5, 2008
